

**Fund Mandate:** First Accredit was established in 2001 as a dedicated institutional vehicle for the more conservative client to invest exclusively in senior first mortgage assets.

### FUND OVERVIEW

First Accredit Mortgage Corp. was specifically established in 2001 to provide a high-grade, risk-mitigated investment vehicle for conservative clients seeking reliable capital preservation and consistent passive cash flow.

The fund limits operations to high-quality credit underwriting, securing a portfolio backed primarily by senior positions on residential assets across Vancouver Island and mainland British Columbia.

### INVESTMENT PORTFOLIO RESTRICTIONS

- **Strict Senior Lien Rule:** The corporation invests 100% exclusively in senior first mortgages, completely prohibiting junior or subordinate positions.
- **Conservative Leverage:** Individual loan-to-value parameters rarely exceed 75%, maintaining an exceptional current average portfolio LTV of 51.97%.
- **High Liquidity Mandate:** A minimum of 50% of the entire fund portfolio is permanently held in residential asset mortgages or standard physical cash.
- **Stable Valuation:** Share value is anchored at a fixed price of \$1.00 per Class 'A' share, with a standard initial client investment baseline of \$5,000.
